To Alan,

I hope this letter finds you well. My name is Steven Doherty from North West Forest Services, and I am reaching out to discuss an important matter regarding the challenges we are facing in obtaining trained staff. As the Director, I am responsible for organising training and ensuring we have a skilled workforce to carry out the work.

I wanted to bring to your attention the difficulties we have been encountering in recruiting and retaining qualified workers. The competition in wages has made it increasingly challenging for us to attract and retain skilled individuals. Additionally, the rising costs of materials have further compounded our efforts.

I believe it is crucial to address these issues and work towards finding viable solutions that can support our industry in overcoming these obstacles.

Thank you for your time and attention to this matter. I would greatly appreciate any assistance or guidance you can provide in this regard.

If you have any questions, please do not hesitate to contact me.

Regards,  
S. Doherty
