Dear Clodagh,

SONI Evaluative Performance Framework: Annual Performance Report 2023/2024 - call for feedback

NIE Networks welcomes the opportunity to provide feedback on the SONI EPF Annual Performance Report.

We have noted SONI's view of its performance in this year and we have no specific comments on delivery of individual milestones.

However, we recommend, as UR considers the EPF panel's assessment, that the UR should take full account of the scale of external dependencies associated with many of the SONI projects.

Yours sincerely

[By email]

Tim Cox
Performance Framework Manager
