Dear Peter

Modifications under Article 17(3) of the Electricity (Northern Ireland) Order 1992

The UR gave notice under Article 17(5) of the electricity (NI) Order 1992 to the CC (now CMA) on the 8 February 2017. Four weeks elapsed without a direction from the CMA having been given to the UR under Article 17A(1)(a) or (b) of the Electricity Order, and we are therefore proceeding to make the modifications that were set out in the notice to each of the transmission and distribution licence.

The modifications being made impact on-

1. Distribution Licence
 - a. Condition 19. Distribution System Security and Planning Standards and Operation of the Distribution System
 - b. Annex 2 – Distribution Charge Restriction Conditions
2. Transmission Licence
 - a. Annex 2 – Transmission Charge Restriction Conditions

Copies of above modifications are attached to this letter. If you have any queries please contact Alan Craig in the Finance and Network Assets team in the first instance.

Yours sincerely

Brain McHugh
Director, Finance and Network Assets
